

**Canaan Capital Improvement Program Committee
Meeting on September 13, 2021
Fire Station Conference Room**

The meeting began at 8:30 AM

Members Present:

Mike Samson, Claude Lemoj, Sadie Wells, Dan Collins, Tom Milligan

Others Attending:

None

Proceedings:

The committee briefly reviewed the Major Mobile CIP Plan again. Mike Samson reported that a variety of equipment strategies for the Transfer Station are being actively considered, and the final proposal is expected to be available before the next meeting.

The committee then reviewed and discussed the remaining categories of the CIP Plan, including non-mobile, government buildings, highway reconstruction, and bridges. Mike reported that a package of broad flood mitigation projects is expected to benefit bridge projects in Canaan by combining funds from FEMA, the Federal Economic Development Agency, the State of NH, and the town. The package of proposals has entered the Engineering Review phase.

The next meeting was scheduled for Tuesday, Sep. 28th at 8:30 AM in the Fire Station Conference Room.

The meeting ended at 10:20 AM

Respectfully submitted:

Claude Lemoj, Chair
